Walter Mueller
Accurate Testing Labs L.L.C.
7950 N Meadowlark Way
Coeur d'Alene, ID 83815

Dear Walter Mueller:

Thank you for your application for renewal in the Environmental Laboratory Accreditation Program. Attached is a new Certificate of Accreditation covering the one-year period beginning 4/26/2026 and a current Scope of Accreditation.

Accreditation is based in part on recognition of Idaho Department of Health accreditation.

Based on your laboratory's most recent PT Study results, full accreditation is warranted for all applicable parameters. As a reminder, continued participation in the Ecology Lab Accreditation Program requires the lab to:

- Submit a renewal application and fees annually
- Report significant changes in facility, personnel, analytical methods, equipment, the lab's quality assurance (QA) manual or QA procedures as they occur
- **Participate in proficiency testing studies semi-annually, with the following exception: For each parameter where all PT results were satisfactory, you are required to submit only one PT result over this next year, and in subsequent years, as long as the results are satisfactory.**

If you have any questions concerning the accreditation of your lab, please contact Jason Gillilan at (509) 907-3044, fax (360) 871-8849, or by e-mail at Jason.Gillilan@ecy.wa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Rebecca Wood".

Rebecca Wood
Lab Accreditation Unit Supervisor

ENVIRONMENTAL LABORATORY ACCREDITATION PROGRAM

SCOPE OF ACCREDITATION

Accurate Testing Labs L.L.C.

Coeur d'Alene, ID

is accredited for the analytes listed below using the methods indicated. Full accreditation is granted unless stated otherwise in a note. EPA is the U.S. Environmental Protection Agency. SM is "Standard Methods for the Examination of Water and Wastewater." SM refers to EPA approved method versions. ASTM is the American Society for Testing and Materials. USGS is the U.S. Geological Survey. AOAC is the Association of Official Analytical Chemists. Other references are described in notes.

Matrix/ Analyte	Method	Note
Drinking Water		
Nitrate as N	EPA 300.0 2.1 1993	1
Nitrite as N	EPA 300.0 2.1 1993	1
Total coli/E.coli - detect	SM 9223 B Colilert 18® (PA)	1
Total coli/E.coli - detect	SM 9223 B Colisure® (PA)	1
Solid and Chemical Materials		
Fecal coliform-count	SM 9221 E2 (A1)	

Accredited Parameter Note Detail

(1) Accreditation is based in part on recognition of Idaho Department of Health accreditation.
